# Introduction

# Project Overview

The Matrimony Web Application is to provide Grooms and Brides with excellent matchmaking experience by exploring the opportunities and resources to meet true potential partner. It is for people of all religions in whole Bangladesh.

## Purpose of our web

- ❖ The main purpose of this application is to facilitate matchmaking by applying the information in the field.
- ❖ It helps the user by providing profiles of perspective “Bride” or “Groom” and other information regarding them online.
- ❖ User can get information regarding their dream life partner at his/her home at his/her convenience.
- ❖ This application also provides a search utility which helps those users who have a certain criteria of qualities in mind to make online matrimonial easier.

## The new features that the user will benefit from

- ❖ Secular
- ❖ Contact Profile Without Account
- ❖ Without Registration one kind view others profile
- ❖ Money Transaction without package / Contact Profile Without package

# Functional Requirements

# Functional Requirements
